Students of AIS:

Our fifteenth year! What does it hold?

The American International School junior-senior high school is a very typical teenager. She longs for form and beauty but lives in dreaded fear that she will become a shapeless, ugly duckling. She yearns to be accepted by her peers in India, the United States and the rest of the world — she wants to be a member of the gang; yet she is furiously independent and wants to be herself, separate and distinct from all others.

She is constantly worried about the daily problems that confront and sometimes overwhelm her, but she can dismiss these concerns with a shrug of the shoulders and seek the highest truths — man, the universe, god — and what they hold.

This vivacious, healthy, sensitive teenager will struggle with today and dream of tomorrow. Without those struggles and dreams she could never realize the beauty, the maturity, the strength that is her destiny.

LAWRENCE P. NEWBERRY
Superintendent
“Tiger’s Roar” staff asked, “Returning from sabbatical leave, did you find AIS changed?” More than ever before I was vividly aware of how much the population of AIS changes yearly. So many new faces—or, so few old faces! The new Central Facilities Building had appeared and, more of that scarce commodity—classrooms. New courses, a coordinator of student activities, increased guidance staff, a professionally-strengthened faculty, and then when I found Harmony Hut, it was hardly possible to keep from reminiscing of the “Old Taj”.

So, change is not the only “tradition” of AIS. The school colors and seal, talent shows, Gilbert and Sullivan, swimming and basketball, “Taj Times”, even an embryo “Tiger’s Roar”, the “delightful” lunch in the homeroom—these and more were part of the “Old Taj”.

If we look back seven years we see a small, isolated and struggling Overseas American High School. Today we see a relatively mature American International High School. No longer isolated, we are part of a large world-wide system of schools—a huge new educational system—catering to a newly evolved clientele—the “traveled” student.

Robert Hutchins has written that a “world community” now exists. This is possibly so. How far are we, however, from being able to think and live and learn in this context? What role do the “A.I.S”’s of the world play in preparing young men and women for challenging and rewarding lives in the world context? And, soon, Planet Earth will be but a stop in our flight!

Come on in; there're only a few crocodiles!

Is the coast clear? Let's take a dip!

Time to slop the pigs!

Cool it! Here comes the Preach!
There're some beans, or maybe you'd like some beans.
How do you want them, fried, scrambled, baked, or raw?

Don't! I'm ticklish!

Watch it; you'll cut me!

This is how you do it. Just keep squeezing!

Where's Randy?

Wake me up in 5 minutes!

Want to fly to the U.S.A.?

Say when.

And say where. Nobody makes it easier to reach every section of the U.S.A. than Pan Am. We have 13 flights direct from India to the U.S.A. every week. From Bangkok, Hong Kong and Tokyo flights are daily, and more. From London to the U.S.A. this summer, up to 10 flights every day. More than any other airline (who needs a wider selection than that?)

Frequency of flights is one reason why you should insist on a Pan Am ticket on your next trip abroad. Over 900 Pan Am offices is another. Almost anywhere in the world you go, help is at hand. And Pan Am has travel bargains that s-t-r-e-t-c-h your budget, let you do more business, have more fun. Ask your Pan Am Travel Agent about them. Or call us.

If you do, you'll have the good feeling of knowing you've chosen the very best.
