

## American Embassy School Class of 2019

May 2019

### CONGRATULATIONS, AES CLASS OF 2019

The AIS/AES Alumni Association congratulates each of you on your upcoming graduation from the American Embassy School, New Delhi.

As you may know, the American Embassy School (originally named the American School, then the American International School) was founded in 1952. In the beginning, there were 12 students in one room of the Old Taj Barracks, which originally housed American officers recovering from battle wounds or on R&R during World War II. Over time, the school moved to the current campus that was designed by the famous architect, Joseph Stein. While more buildings were added and class sizes increased, the students and faculty have remained a family unit. Our friendships have lasted to this day.

Here we are, 67 years later. As you are about to leave AES and move onto your next adventures, we want you to know there is a tight-knit community of alumni from these past 67 years who welcome you as members of our alumni association. The **AIS/AES Alumni Association** will help you stay in touch with one another, invite you to dinners, mini-reunions, picnics, and particularly to our "all-classes" reunions where alumni rejoin their classmates, meet other alumni and forge new friendships. We typically host our all-classes reunions every 5 years - the most recent in 2015 in Arlington, Virginia, where we adopted the theme of **India Lives in All of Us**, which is now our alumni association motto. Due to U.S. national elections in 2020, we have delayed the next all-classes reunion until the summer of 2021.

We hope you have time in the near future to check out our alumni [website](#) and also join us on [Facebook](#). Our Facebook page is an offshoot of our website and is an informal forum where we welcome daily interaction with AIS/AES alumni, students, friends, faculty and parents. Please "like" our Facebook page to show your support and follow us on newsfeed!

Again, congratulations to you! Welcome to the AIS/AES Alumni Association!

#### MISSION STATEMENT

The mission of the AIS/AES Alumni Association is to promote and facilitate the lifelong communication and camaraderie of alumni, parents of alumni, faculty and staff.
